

# Noboribetsu

Noboribetsu Onsen is Hokkaido's most famous hot spring resort.

A large amount of Noboribetsu's many types of hot spring water surfaces in the spectacular Jigokudani or "Hell Valley" just above the resort town. Noboribetsu is part of Shikotsu-Toya National Park.

If you want to feel Japanese culture, you should go to Date jidaimura. You'll be transported back to the Edo period. Merchant shops lining the ancient road, majestic samurai residences, and ninja houses filled with clever mechanisms...

Hakodate is Hokkaido's third largest city, located at the island's southern tip.

Hakodate is best known for the spectacular views to be enjoyed from Mount Hakodate and its delicious, fresh seafood.

Onuma Park, a quasi-national park with beautiful, island dotted lakes, is located only half an hour north of Hakodate and makes a nice side trip or a stop along the journey between Hakodate and Sapporo.
